

GIAGUAR FLEX YELLOW

ø140mm

BEST
QUALITY

MADE IN
ITALY

Resinbond abrasive discs, formulated for polishing marble and natural stones, provide exceptional finishing and long-lasting durability.

USE WITH WATER ON MARBLE AND STONE

ADVANTAGES:

4mm thickness

The Giaguar Flex Yellow tools represent the perfect combination of resin, abrasive powders, and diamond powder. Specific formulations have been developed to maximize the quality of polishing on marble and natural stones.

The multi-sector design allows Giaguar Flex Yellow to generate superior friction, even during operations with light machinery. This feature makes them highly efficient and ideal for use on vertical surfaces and countertops. 100% effective structured abrasives from the beginning. The linear microstructure defined on the upper part of the product enables perfect work from the start, eliminating the need to prepare or open the tool beforehand.

RECOMMENDED MACHINES:

SMALL
GRINDERS

SINGLE DISC

PLANETARY
GRINDERS

HAND
GRINDERS

EDGE
GRINDERS

STRENGTHS:

- **Made in Italy** with an innovative formula that ensures better performance and long durability.
- **Highly aggressive and high-performing tool**, ideal for working with light machinery, even on countertops and vertical surfaces.
